

<p>Andrew Tennant <i>Chair of Finance, Local Authority Governor</i> Sub-Committees: Finance, HR</p>		
Who am I?	Why am I here?	What impact have I had in the last 12 months?
<p>Father to two sons – Rory (Class 1, 2019/20) and Rowan (expected Burton intake 2022), and husband to Hayley.</p> <p>I am a qualified business analyst and project manager and have worked in a number of industries including finance, ICT, economic development, retail, manufacturing, and the public sector.</p> <p>I currently work with Leicestershire County Council as a business consultant - clarifying priorities and strategy, modernising and redesigning services, and evaluating opportunities for financial savings or investments to improve service quality and outcomes.</p>	<p>I am passionate about the difference that a quality education can make. Burton on the Wolds Primary is now widely recognised as outstanding, including by Ofsted, and I hope to support the school in furthering its success.</p> <p>My professional experience equips me to assist the school in setting its strategy for the future, identifying and progressing opportunities to further improve, and making best use of its budget to invest in the future of its children.</p>	<p>I joined the Burton on the Wolds governing body in February 2019, also joining the Finance and HR committees, and was nominated as Chair of Finance with effect from May 2019.</p> <p>Finance committee has reviewed the school budget and financial policies for the coming year, ensuring that available funds will be effectively invested for the benefit of the school’s children. We have prioritised staffing and achieving best value in major areas of non-staff expenditure such that the school can continue to offer significant adult support in each classroom, a broad and well delivered curriculum, and to give all children within the school opportunities and appropriate support to succeed.</p> <p>HR committee has worked with the Headteacher to agree recruitment of new teaching and non-teaching staff as required within year and for 2019/20. Efforts have also been made to ensure that all new staff to the school develop an understanding of its approach and ethos, and that they are supported in delivering to its outstanding standards.</p>
