I want all children to reach their full potential academically and to achieve physical, social and emotional well-being. It is important that children are taught an awareness and understanding of other cultures and religions and also about those less fortunate than themselves.</p> <p>I believe passionately that with the right (all-round, whole child) education, every child will be able to make a positive contribution to the world and make the world a better and fairer place!</p>	<p>My responsibilities include the running of the school on a daily basis and supporting all the school stakeholders.</p> <p>I write the SDP and ensure detailed action plans are in place.</p> <p>I am responsible for all the teaching, learning and behaviour in school.</p> <p>I manage all the staff, the appointment process and their performance.</p> <p>I am also responsible for the school spending and school curriculum.</p>
